Petitioners

No. 1083 C.D. 2015

ORDER

NOW, July 13, 2015, upon consideration of petitioners petition for review, which was filed pursuant to the note to Pa. R.A.P. 1311 because the trial court refused to certify the order pursuant to 42 Pa. C.S. §702(b), and the answer in opposition thereto, and it appearing that the refusal of the trial court to certify the interlocutory order for immediate appeal is not so egregious as to justify prerogative appellate correction of the exercise of discretion, the petition for review is denied.
